

HAUNTED BUFFALO NIAGARA

Asylums, Psychics and The Falls ☉ 4 days / 3 nights

HIGHLIGHTS

ROLLING HILLS ASYLUM

This Genesee County Poor House (originally a working farm) became a dumping ground for the outcasts of society. Widows and orphans mingled with lunatics and the unclaimed dead were buried on the property. With over 1,700 documented deaths and hundreds not recorded, it's no wonder *Haunted North America* rated it as **the second most haunted site in the United States.**

JELL-O MUSEUM

Yes – there is an adorable museum dedicated to Jell-O, created in Leroy, NY.

ANCHOR BAR

Dine where the original Buffalo Chicken Wings were created!

MAID OF THE MIST

Travel up close, get wet and feel the awesome power!

LILY DALE ASSEMBLY

A community has formed around this meeting place for spiritualists and psychics. Enjoy a group psychic reading!

HIGHLIGHTS

LOCKPORT CAVES

Take a guided walking tour and underground boat ride through the half-mile tunnel that was built in the 1880s to provide waterpower to the surrounding mills. Encounter pure isolation from humanity as you explore the caves, where faces have been seen in the water and walls, as well as shadows and a strange mist, and voices, moans, and footsteps have been heard.

STATLER CITY GHOST

The Greater Western New York Paranormal Society hosts this tour. Some say that many of the Statler Hotel's most notable & enthusiastic guests still enjoy their stay in the halls, kitchens, and rooms of Statler City. Videos, Photos, and EVP's have been captured of spirits that may remain in the halls of the historic Statler Towers. Perhaps they are some of the staff, guests, or even Ellsworth Statler himself!
