

WINERY AT MARJIM MANOR

7171 E. Lake Road (Rt. 18),
Appleton, NY 14008
716-778- 7001

Do you know the difference between a wine and a spirit? At the Winery at Marjim Manor, wine is what you taste, and spirits are who you meet. As you taste Marjim Manor's fruit and grape wines, you will hear the stories about the property's former residents.

Shubal Scudder Merritt built the manor in the 1800s, the same home where he accidentally shot and killed his son Lewis. In the very doorway where Lewis died, staff have seen a Victorian boy standing and visitors have overheard the ghostly question "Who is in my house?" Learn of these and other tales during your tasting, such as lights that turn on by themselves, and wine bottles that fall off shelves.

OPPORTUNITIES FOR VISITORS

Visit during normal winery hours and staff will share ghost stories during your tasting.

Ghost hunts upon request with advance reservation only.
